MY FRIEND'S FAMILY

My friend's family is large. He has father, mother, grandmother, sister and two brothers.

His father's name is Sobir. His father is an agronomist on a big farm not far from Termez. He is a very busy man. He has much work in spring, in summer and in the fall. His father is fifty-three years old.¹

His mother's name is Makhsuma. His mother is forty-nine. She is an economist on the same farm. She is fond of² her work.

His parents have an apartment in a big house of the town. Their house is in the centre of the village. All the farmers of the village have comfortable apartments.

His elder brother is an engineer. He is twenty-seven. He is married and he has two children, a boy and a girl. His brother's wife is a teacher of biology at school.

His younger brother is a student of the Tashkent State Agrarian University. He is a second-year student of the Agronomy Department. He is going to³ become an agronomist like his father. He is not married. His hobby is playing tennis.

His sister is a schoolgirl. She is fond of mathematics and would like to become an engineer.

He is a student of English University.
