Reported speech (He said that ...)

You want to tell somebody what Paul said. There are two ways of doing this:

You can repeat Paul's words (*direct speech*): Paul said, 'I'm feeling ill.'

Or you can use *reported speech*: Paul said that he was feeling ill.

Compare:

<i>direct</i>	Paul said, ' I am feeling ill.'
<i>reported</i>	Paul said that he was feeling ill.

In writing we use these quotation marks to show direct speech.

When we use reported speech, the main verb of the sentence is usually past (Paul said that ... / I told her that ... etc.). The rest of the sentence is usually past too:

- Paul said that he was feeling ill.
- I told Lisa that I didn't have any money.

In general, the *present* form in direct speech changes to the *past* form in reported speech:

am/is → was	do/does → did	will → would
are → were	have/has → had	can → could
want/like/know/go etc. → wanted/liked/knew/went etc.		

Say and tell

If you say *who* you are talking to, use tell:

- Sonia told me that you were in hospital. (*not* Sonia said me)
- What did you tell the police? (*not* say the police)

TELL SOMEBODY

Otherwise use say:

- Sonia said that you were in hospital. (*not* Sonia told that ...)
- What did you say?

SAY SOMEBODY

But you can 'say something to somebody':

- Ann said goodbye to me and left. (*not* Ann said me goodbye)
- What did you say to the police?
