

**PRESENTATION ABOUT
YOUNG PEOPLE'S
FASHION**

INTRODUCTION

- *Fashion is something we deal with everyday.*
- *One can find a lot of changes and evolution in the history of fashion.*
- *Name brands became of particular importance among young people.*
- *Fashion changes like wind which makes it difficult for man to keep pace with them.*

- **WHAT IS FASHION?**

Fashion is the accepted day to day way of dressing at a given time. If you see everyone wearing the same color or style when they have not been the trend before, such is "in-fashion."

Never has and never will

- Fashion is the total outlook of an individual of today and only for today. Though fashion evolves and some styles come back, it only apply for "now". Even the retro fashion is never the same

How do the teenagers see fashion

By watching teenagers we find out that the appearance and the way they dress testify to their psychology, their thinking and generally the children themselves.

At first glance it is easy to understand that teenagers tend to follow fashion and this happens for several reasons.

- They need to be part of a team
 - Need for clustering
 - Create standards
 - Recognition
 - Target groups

- Fashion is part of a lots of people thought.
- It depends on how rich or poor are men and women and how much they deal with fashion.
- Most of all, teenagers have to do with to do with fashion.
- "What everyone wears and have in common is what's in fashion" this is the way teenagers think.

Fashion

It has been part of our lives.

Fashion nowadays

- ❑ In fashion are piercings, expensive sweaters/T-shirts (f.e Volcom, DC, Wesc, Vans), hats, all-coloured glasses etc.
- ❑ The main condition to wear something is to be accepted by the mass.

- Instead, **fashion** is everything that someone prefers to wear and feels nice on them.
- Unfortunately, everyone selects the most fashionable and expensive clothes existed.

Where Youth Adopt the fashion:

- ✘ The wealthy and affluent students want to look different. Therefore, they change their style sooner or later. Other people copying their fashion. Sometimes, students watching T.V and copying the fashions of actors. They also try to adopt this type of fashion and other people their fashion. Fashion has essential past in our life. We can't overlook the significance of fashion. Fashion builds up our personality, and grow up our confidence level.

Disadvantages of Modern Youth:

- ✘ Similarly, We know that mostly things have many disadvantages on the other hand, these things have disadvantages. This true, Where fashion make our life colorful, attractive and make us active or smart. But this is horrible true that due to fashion sometimes, we ignore the poor people's and feel irritation existence of poor Peoples.

Secondly, Students waste their precious time getting latest kind of fashionable things instead of buying precious books. They overlook their study before fashion and extra curricular activities. Number of parents, Who can not bear the expense of fashionable things. Due to fashion society has divided in various parts like upper class, middle class and lower class. Humanity has lost their significance. It is harmful for us.

Conclusion:

 After read fashion and modern youth article, We can conclude that, Students look beautiful, When they are simple. On the other hand, Its depend on us, How we can utilize it. Students should care about that, don't spend his valuable time on these useless things.
