

AIP Conf. Proc. 2612, 020011 (2023)
<https://doi.org/10.1063/5.0113280>

The screenshot shows a web browser window with multiple tabs. The active tab is the AIP Conference Proceedings article page. The browser's address bar shows the URL: pubs.aip.org/aip/acp/article-abstract/2612/1/020011/2879847/Liquefaction-of-water-saturated-loess-soils-during?redirectedFrom=fulltext. The page header includes the AIP Publishing logo, a search bar, and navigation links for 'AIP Conference Proceedings', 'Advanced Search', and 'Citation Search'. The main content area features the article title 'Liquefaction of water-saturated loess soils during strong earthquakes' by Kh. Rasulov, R. Rasulov, and J. Yarashov, dated March 15, 2023. A cover image of the journal 'The Third International Scientific Conference Construction Mechanics, Hydraulics and Water Resources Engineering (CONMECHYDRO 2021 AS)' is displayed on the left. Below the article title, there are options to 'Check for updates', 'Author & Article Information', and 'Share'. A 'View Metrics' button is located to the right of the article title. At the bottom of the page, there is a blue 'AIP Advances' banner and a search bar with the text 'Find Well Water. Estimated Depth Yield and Thickness'. The browser's taskbar at the bottom shows several open PDF files and the system tray with the date 16.11.2023 and time 16:08.
